Dear Sir:

Pursuant to the requirements of 37 C.F.R. § 1.56, Applicants submit a list of documents known to Applicants or Applicants' attorneys. Applicants have not included copies of cited U.S. patents or published U.S. patent applications. But, pursuant to 37 C.F.R. § 1.98(a)(2)(iv), and for the Examiner's review, Applicants have enclosed copies of the following: (1) cited foreign patents, and (2) documents from the prosecution of domestic and foreign applications.

Regarding category (2), documents from the prosecution of domestic and foreign patent applications, Applicants note that 37 C.F.R. § 1.98(b) does not mention, and thus does not require, that Applicants provide any particular set of identifying information. While 37 C.F.R. § 1.98(a)(1) requires Applicants to provide a list of such documents, it does not require Applicants to include in that list specific identifying information. 37 C.F.R. § 1.98(a)(2)(iv) further requires Applicants to provide a copy of such documents (see APPENDIX A). Thus, the rules do not require that Applicants provide any particular set of information about the documents in category

(2) prior to the Examiner's consideration of all the cited information. Nevertheless, in order to be as helpful as possible, Applicants have provided (a) information regarding the source of the documents, and (b) a title or description of each document. The prosecution record of either a domestic or foreign patent application is the source for each document. Accordingly, in the list required by 37 C.F.R. § 1.98(a)(1), Applicants have provided information about the source of each document. The information provided mirrors the requirements for cited foreign patent applications and U.S. patent applications as set forth by 37 C.F.R. § 1.98(b). For at least these reasons, Applicants respectfully request consideration of all documents submitted in the present Supplemental Information Disclosure Statement.

Regarding category (2), Applicants now submit for the Examiner's consideration, copies of Office Actions, Amendments, Responses, and other correspondence from the prosecution of the related foreign patent applications. Pursuant to 37 C.F.R. § 1.98(a)(2)(iv), Applicants have enclosed a copies of each document. APPENDIX A lists these documents, provides identifying information, and includes a column for the Examiner's initials.

Pursuant to M.P.E.P. § 2001.06(b) and 37 C.F.R. § 1.98(b)(3), Applicants now bring to the attention of the Examiner the following co-pending U.S. patent applications. The pending applications are stored in the USPTO's Image File Wrapper (IFW) system. In accordance with the waiver to 37 C.F.R. § 1.98(a)(2)(iii) dated September 21, 2004, Applicants have not included copies of the cited specifications, which include the claims and drawings thereof.

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT LIST pursuant to M.P.E.P. § 2001.06(b) and 37 C.F.R. § 1.98(b)(3) for Application No. 10/517,898 (Attorney Docket #: 14014.0410U1) DISCLOSURE OF CO-PENDING U.S. PATENT APPLICATIONS
